

READING FRIENDS MONTHLY

December 2017

MOTOR

In January, after a nice break for the holidays, the motor class is ready to move while playing dodgeball! I know we are all going to love this game and have lots of fun giggling and cheering during the scrimmages. Please ask your child about the fun we have throwing to moving targets.

Ms. Mindi

DISCOVERY

This month in Discovery class, the children will review what was taught about the Solar System last year. This year we will focus on the moon. We will also learn about the countries that make up the United Kingdom. We will celebrate by participating in the annual English Christmas tea party.

Ms. Spoon

MATH

This month in math, we will continue to practice writing our numbers. We are doing a great job so far! We will also learn to combine, separate and compare sets of objects and numbers as well as greater than, less than and equal to.

Ms. Shary

ART

In the art studio this month, we will be busy creating Christmas art. We will learn to draw and paint Christmas trees, Santa Clause, candy canes and more. We will be introduced to artist Gustav Caillebotte and learn how to draw a cityscape. At the end of the month they will learn about the life of Claude Monet and paint waterlilies.

Ms. Spoon

LANGUAGE

In January, the students will learn the lower case letters "a" "d" and "l". We will continue in workbooks with fine motor and auditory drills. We will review rhyming words and categories and will begin learning about synonyms and antonyms. Spelling and reading using the letters we have learned will continue to be a part of class.

Ms. Laura

A NOTE FROM MS. SPOON

Reading Friends will be collecting the cardboard tubes from your gift wrapping paper for a fun art project we will be making in January.

Thank you!
